

PIAGGIO PD-808

What's New in Version 2.2?

- 3D models updated with full **virtual cabin**/cockpit for all versions (full exterior included from virtual cockpit view)
- Windshield heating does not overheat unless the external temperature is above 30°C
- **Widescreen panel** (4/3 version still available)

You can choose between 4/3 and Widescreen panel. By default Widescreen is installed. To re-install the 4/3 panels, navigate to [FS9]/Aircraft/PD808_shared, and run panel_select.bat. Choose between the offered options: 1.QUIT; 2. 16/9 Widescreen; 3. 4/3 panel.
